Re: Happy Customer

Hello Mangesh,

I wanted to give a 5 star review for your company, Arihant. I wanted to write something to help you grow your business. I believe in this company. I have had much experience with them and I am so happy with what they have helped me do. Can I tell my story? If you have any questions or concerns, please call me. I have my contact info below.

We are a small resort in Texas. North Texas Jellystone Camp Resort. We have many cabins and RV spaces. We felt we needed a major attraction to get our customers to not only visit, but stay. We found Arihant at the World Waterpark Convention. Soon, we were constructing our first awesome slide complex. Once we opened, I can tell you that is was the very best decision we ever made. Our cabins were occupied much more than before. I think we paid for the waterpark in about 2 or 2.5 years. We added many more cabins and kept growing in many other ways. It was the very best decision we ever made. Thank you Mangesh from Arihant.

I highly recommend you to work with Arihant and their professionals to see how they can help you. I can't stress to you enough how important it is for you to have a water feature at your facility. We started small, but we have grown with the help of Arihant. They are true professionals that can help you grow also. Give them a call and they will help you visualize your dreams. If you have doubts, call me and I will tell you my experience with this company. I have total confidence in Arihant.

If you want to start making more money at your facility and grow it rapidly, I hope you contact them soon. Call me if you have questions at 817-233-5432 or email me at ron5566@aol.com. I will be very happy to tell you about my great experience.
